Light Vehicle Diagnostic Technician

(Reaccreditation)

Requirements IMI Reaccreditation in Light Vehicle Diagnostic Technician:

Diagnostic Technicians should be working in the light vehicle sector and have three years' experience of diagnostic and repair procedures.

To achieve reaccreditation candidates are assessed on their ability to diagnose and interpret; four wheel alignment, mechanical systems, electrical systems, computer based test equipment and vehicle safety systems.

IMI Accreditation gives Light Vehicle Diagnostic Technicians:

- Proof of current technical competence and ethical responsibility
- Pride and recognition of achievement
- Enhanced status of accredited technicians
- Automatic inclusion on the IMI Professional Register

IMI Accreditation gives employers:

- Increased customer confidence through employing IMI Accredited technicians committed to an ethical code of conduct
- A benchmark for recruitment and training
- A recognised development path
- Independent quality assurance
- Opportunities to access marketing support and materials
- Legislation compliance
