Light Vehicle Inspection Technician

(Reaccreditation)

Requirements IMI Reaccreditation in Light Vehicle Inspection Technician:

The Light Vehicle Inspection route is intended for technicians whose job role involves the inspection, maintenance and repair of light vehicles. The technician must be able to work unsupervised with at least three years' experience.

To achieve reaccreditation technicians are assessed on their ability to inspect; emission system, electrical system and vehicle appraisal.

IMI Accreditation gives Light Vehicle Inspection Technicians:

- Proof of current technical competence and ethical responsibility
- Pride and recognition of achievement
- Enhanced status of accredited technicians
- Automatic inclusion on the IMI Professional Register

IMI Accreditation gives employers:

- Increased customer confidence through employing IMI Accredited technicians committed to an ethical code of conduct
- A benchmark for recruitment and training
- A recognised development path
- Independent quality assurance
- Opportunities to access marketing support and materials
- Legislation compliance
