Senior Panel Technician

(Reaccreditation)

Requirements IMI Reaccreditation in Senior Panel Technician:

Senior Paint Technician should be working in the accident repair sector and have at least three years' experience and be familiar with the skills, knowledge and techniques required to repair and replace body components and their associated parts.

To achieve reaccreditation candidates are required to complete the following modules:
MET – Complex, Welded Panel/Section MAG/MIG Braze/Bond/Rivet, Resistance Spot Welding (BS1140) MAG Welding (BS4872).

IMI Accreditation gives Senior Panel Technician:

- Proof of current technical competence and ethical responsibility
- Pride and recognition of achievement
- Enhanced status of accredited technicians
- Automatic inclusion on the IMI Professional Register

IMI Accreditation gives employers:

- Increased customer confidence through employing IMI Accredited technicians committed to an ethical code of conduct
- A benchmark for recruitment and training
- A recognised development path
- Independent quality assurance
- Opportunities to access marketing support and materials
- Legislation compliance

COURSE DURATION: 2 Days - 1 Day Assessment, 1 Day Training
