STAFF TRAINING NEEDS ANALYSIS

(TNA)

Training needs analysis identifies training needs at employee, departmental or organisational level in order to help the organisation to perform effectively. The aim of training needs analysis is to ensure that training addresses existing problems, is tailored to organisational objectives, and is delivered in an effective and cost-efficient manner.

Course Title:

- Staff Training Needs Analysis (TNA)

Course Aim:

- To effectively identify the mechanic / technicians training gap and their related training need linked to.

Course Aim:

- Individual training and development needs identified
- Give Johnston Sweepers an up to date overview of their staffs skill set
- Use the information gained from the TNA to deliver effective up-skill of specific Johnston Sweepers mechanics / technicians.

Location:

The Training Needs Analysis (TNA) can be completed using any internet connected PC via the S&B Automotive Academies Virtual Learning Environment (VLE) or can be taken within the academy if required

Cost:

Online Training Needs Analysis (TNA) £35 + VAT per 4 hours, per candidate.
